NORTHWESTERN WILL HAVE ALL STEEL PASSENGER CARS

One Hundred and Twenty-Five Have Been Ordered From the Pullman Company and Are Now Under Construction — Information Concerning Coaches, Dining Cars, Parlor Cars, Etc.

The Chicago and North-western has given out the following information regarding the 15 new all-steel passenger cars which that road recently ordered from the Pullman Co. and which are now under construction:

"All of these cars are fully equipped with non-collapseable, heavily reinforced steel frames, with the most modern safety vestibules, Westinghouse high speed air-brake equipment, and the latest improved draft gear. The floors are laid with a sanitary composition that adds strength to the car and reduces the noise of the train. Even the frames of the seats are built of steel, and no combustible material enters into any part of the construction.

The new dining cars will have features that are of direct interest to the public. Each car is arranged to seat thirty-six people, which is six more than the usual standard, and special improvements have been effected in the arrangement of the kitchen and pantry, which will insure greater capacity and more prompt service and at the same time remove all odors from the kitchen.

The day coaches and reclining chair cars are to be five feet longer than the largest cars heretofore used, and will, in consequence have greater seating capacity.

The parlor cars will be of the most ample dimensions, and the interior fittings and finish will be in accordance with the usual luxurious North-western standard.

Special attention has been given to the sanitary arrangement of all this equipment and it will all be fitted with the latest devices for insuring cleanliness and satisfactory ventilation. The Chicago and North-western will be the first western road to provide all-steel, safety, fire-proof equipment on through passenger trains.

KENDALL COUNCIL PROGRAM.

Cast of Characters for Degree Team Work is Announced.

F. L. Batchelder, who is in active charge of the arrangements for the conferring of the superexcellence degree by David S. Kendall council, Royal and Select Masters in Houghton on the night of Dec. 2, has announced the complete cast of characters in the degree team as follows:

King Zedekiah—A. E. Seaman.
Gedaliah—F. L. Batchelder.
Captain of the guard—Henry Gibbs.
First keeper of the temple—John McAuley.

Second keeper of the temple—George H. Barker.
Third keeper of the temple—John Nelson.

First herald—Gus T. Hartman.
Second herald—George N. Harris.
Third herald—John Moyle.

Treasurer—John C. Condon.
Recorder—Edwin Presko.
Sentinel—Edgar Haskelsh.

Trumpeter—Fred Taylor.
Royal guards—James Fisher, Jr., Dan T. Fisher and John T. McNamara.
King Nebuchadnezzar—Clyde S. Mackenzie.

Chief counselor—George A. Royce.
Nebuzaradan, commander of Chaldean army—James H. Thomas.
Chief of staff—John J. Zealand.

Court musicians—Dr. H. S. Sted, Otto Borreson, Albert E. Marchon and Harry King.

Director of field music—Frank Van Ordon.
Mob leader—John J. Ellis, Jr.

Assistants—George Jacka, John Pentecost and Karl Thomas.
Mob—Soldiers, courtiers and a band composed of Calumet's most noted musicians.

The degree will be conferred in the Masonic hall and it will occasion a large gathering of Masons from all parts of the copper country. Following the ritualistic work a banquet will be served by the ladies of the Eastern Star.

LIVE OSBORN BOOSTER.

E. J. Guck, station agent at Wellburg, is as confident as anyone that Chase S. Osborn will be the next governor of the state of Michigan. Guck has enjoyed the friendship of Mr. Osborn for a great many years and there is no more loyal supporter in this up-

LAST WEEK AN EXPENSIVE ONE ON OLD LAKE SUPERIOR

One of the Most Costly in History of Lake Navigation, Delays and Wrecks Having Cost Boat Owners Big Fortunes—Some Lives Lost—Storm Exact Heavy Toll.

Last week was a costly week on Lake Superior.

There have been numerous wrecks, the hold-up at the Soo has cost many thousands of dollars and some have lost their lives. It has been one of the worst weeks for wrecks and strandings ever experienced on the lakes, says the Duluth Herald.

The crew of the stranded steamer Hoyt will arrive in Duluth early Sunday morning. The tug Bennett was ordered from Bayfield to the scene of the stranding and that boat will bring to Duluth the remainder of the crew. Three men reached the city today, but they left immediately for their homes at lower lake ports. The steamer has been abandoned by her owners to the underwriters.

The storm that raged over the lake during the early part of the week took its toll in human life and the destruction of property. Boats that were in shelter did not venture forth and the delay cost many thousands of dollars. The delay at the Soo cost many thousands more, besides the boats that were wrecked and stranded at the various points on the lake.

The Canadian steamer Ottawa was wrecked near Passage Island early in the week and her crew suffered great hardship in getting to land. A shifting of the cargo of wheat is given as a cause of the wreck. On the same day a report was current that the Ionic had foundered. This was later found to be untrue as the boat turned up safe at her destination.

The crew of the schooner Paisley escaped after a thrilling battle with the waves but not until that boat was swept clean of her cargo and cabins.

The steamer Mack was driven on the bank near Muskegon, Mich., during the fierce storm of Tuesday. She suffered but little damage and she was taken off Thursday.

One life was lost and ten were saved when the steamer Louis Pahlow was wrecked on Lake Michigan. She was a lumber boat and was on her way to Chicago.

The steamer Rome burned to the water's edge at the Soo Wednesday. She was a wooden vessel. The origin of the fire has not been determined. The crew escaped safely.

The crew of the steamer Dunham had a thrilling battle with the waves near Ashland, and they were saved by means of a note in a bottle, a fleet-footed Indian, who had carried the news to Ashland, and a tug from that place.

The steamer Odanah bumped the pier Monday morning while trying to leave the local harbor and sustained about \$10,000 worth of damage and several thousands more in the delay the accident caused. She will leave tomorrow morning and continue her voyage down the lakes.

The Bradford is still stranded at Isle Royale. She is in no immediate danger and unless a severe storm arises she will be taken off with very little damage.

The latest hardship reported was that which the crew of the gasoline boat, The City of Two Harbors, experienced while being tossed at the mercy of the waves for some sixty-two hours.

A. L. Krellwitz has started a sale of his furniture stock and says that he will continue till the stock is entirely cleaned out as he is going out of the furniture business. It is Mr. Krellwitz's intention to devote himself hereafter to the undertaking business.

The Ferguson business college basketball five went down to defeat before the Michigan college of mines team at Legion hall in Marquette Friday evening by the score of 22 to 13.

per country. He says confidently that every mother's son who can enter the polls next year in Superior township will cast his ballot for Osborn. When the Odd Fellows were flocking to the Soo from below the straits, a great many of them passed through Guck's station. He was not slow to appreciate the opportunity offered, and soon had a long Osborn streamer bordered with American flags strung from a couple of posts in a prominent place, where all passing on the train can see it.

GAS, INDIGESTION, HEARTBURN AND ALL MISERY FROM AN UPSET STOMACH GOES

A Little Diapiesin Will Make Any Sufferer Here in Calumet Feel Fine in Five Minutes—Get Some Now and Put an End to Stomach Trouble Forever.

You can eat anything your stomach craves without fear of indigestion or dyspepsia, or that your food will ferment or sour on your stomach if you will take a little Diapiesin occasionally.

Your meals will taste good, and anything you eat will be digested; nothing can ferment or turn into acid or poison or stomach gas, which causes belching, flatness, a feeling of fullness after eating, nausea, indigestion (like a lump of lead in stomach), biliousness, heartburn, water brash, pain in stomach and intestines or other symptoms.

Headaches from the stomach are ab-

solutely unknown where this effective remedy is used. Diapiesin really does all the work of a healthy stomach. It digests your meals when your stomach can't. A single dose will digest all the food you eat and leave nothing to ferment or sour and upset the stomach. Get a large 50-cent case of Pape's Diapiesin from your druggist and start taking now, and in a little while you will actually brag about your healthy, strong stomach, for you then can eat anything and everything you want without the slightest discomfort or misery, and every particle of impurity and gas that is in your stomach and intestines is going to be carried away without the use of laxatives or any other assistance.

Should you at this moment be suffering from indigestion or any stomach disorder, you can get relief within five minutes.

UNDER SHERIFF HAS HARD TIME MAKING AN ARREST

Phil Sheridan Meets Resistance When He Serves Warrant on Jonas Vallitella of Ripley Charged With Threatening to Kill His Wife, but Finally Arrests Man.

Jonas Vallitella of Ripley was arrested last evening by Under Sheriff Phil Sheridan, but not until after Vallitella and the officer engaged in the hardest kind of fistie battle. Vallitella is charged by his wife with threatening to kill her, and Mr. Sheridan went to Ripley last night to make the arrest. He met with resistance of the most violent kind.

Sheridan was compelled to use his "billy" as Vallitella grappled with him, and he used it hard. He hit the fellow three times hard enough to knock an ordinary man out, but after each blow Vallitella got up and came after the officer again. During the scuffle, the lamp fell from the table and went out and the men continued to fight in the dark, Vallitella managing to get the "billy" away from Sheridan. It was then up to the officer to use more effective means, or lose his prisoner, so he pulled his gun and ordered Vallitella to surrender or suffer the consequences. This the man did and then went along peacefully to jail. He will be arraigned in Justice Oliver's court in Hancock today.

The under sheriff says they fought about twenty minutes and it was the toughest scrap he ever had.

STARTS SUIT AGAINST THE TRACTION CO. FOR \$30,000

Lake Linden Man, Through Attorney J. F. Hambitzer of Houghton, Starts Action in Circuit Court to Recover Damages Alleged to Have Been Caused by Company's Negligence.

Through his attorney, J. F. Hambitzer, of Houghton, Martin Godzinski of Lake Linden this morning started suit in circuit court against the Houghton County Traction company for \$30,000 damages for personal injuries which Godzinski claims were caused by the negligence of the company.

Godzinski alleges that he fell from a street car in July, 1908, at Lake Linden and that he fractured his hip so badly that he has since been permanently disabled. Since the accident he claims he has taken continuous treatment in Chicago. He is in that city at the present time receiving medical attention.

Godzinski was employed by the Calumet & Hecla Mining company in the mills at Lake Linden for thirty years. The case will be followed with considerable interest in the Torch Lake district.

IN THE CIRCUIT COURT.

The suit of Oscar Riel against August Gauthier, alleging the alienation of Riel's wife's affections by Gauthier, was continued in circuit court today. The case likely will continue throughout today's session.

CALUMET MAN ON TRIAL.

D. P. Sorenson of Calumet, charged with a violation of the fish laws by using an unlicensed boat for commercial fishing, was taken up in Justice Brand's court today. It seems that Sorenson owned a launch named "The Regal," which he licensed, but subsequently sold. Later he built another boat and naming it "The Regal" continued to use his original license. It is the contention of Game Warden Willson, who arrested him, that the license is issued for the boat and not to the man, and that Sorenson should have taken out a new license when he completed his new boat.

HOTON BREVITIES.

Arrangements are now under way for the annual dancing party to be given next Friday evening in the auditorium of the library at Palmsdale. It is the annual Thanksgiving party given by the Palmsdale Social club and is always given the Friday following that holiday that a greater number may find it convenient to attend. The party is one popular with the various range towns and is always largely attended.

Chief Engineer Batchelder of the Copper Range has let the contract for the steel work of the new bridge over the Houghton Douglas ravine to the Toledo-Massillon Bridge company of Toledo, O. The contract for erecting the towers was let to Andrew Nelson of Hancock.

TORCH LAKE NEWS

ANNUAL BALL OF HUBBELL FIREMEN WEDNESDAY NIGHT

Fifth Annual Party Will be Held in Opal's Hall, the Hubbell Band Having Arranged a Splendid Program for the Event—Other Departments of the County Are Invited.

The firemen of Hubbell are anxiously awaiting Wednesday evening when they will hold their fifth grand annual ball. This will be the first time the fire fighters will hold their annual affair in their home town and naturally they are enthusiastic over the event. The department has engaged the full membership of the Hubbell band and a program of good numbers has been arranged.

Waltz—Ocean Breeze—Johnston. Two step—The Hague Conference—Doughface.

Thanksgiving
Hart Schaffner & Marx
Good Clothes Makers

If we had to depend for our food on our own skill with the rifle, a lot of us would go hungry. Similarly, if we had to make our own clothes, a lot of us might have to stay at home.

You can get your Thanksgiving turkey easier than with a rifle; and you can easily get here

Hart Schaffner & Marx

good clothes; such clothes as nobody else makes; all-wool fabrics, fine tailoring, perfect in style, correct in fit; the highest type of clothes made.

This store is the home of Hart Schaffner & Marx clothes

Suits \$18.00 to \$28.00. Overcoats \$20.00 to \$26.50

Waltz—Are You Sure?—Gumble.
Two step—Then We'll Go Home—Smith.

In addition to the above program of regular numbers, the band boys will play four extra numbers. The committee on decorations will have the hall tastefully decorated for the evening and the interior of the structure will present a pretty appearance. Invitations have been extended the other fire departments of the copper country and it is expected there will be a number of firemen and their lady friends from out of town in attendance.

FORTUNATE FIRST HUNT.

Joseph E. Prince and Eugene Le-Pain returned home this morning from Rabbit Bay, where they spent the past week hunting deer. This was the first time the young men had gone into the woods in search of deer and they were successful. Mr. Prince shot a fine large buck, which is at the Hecla meat market being dressed. This animal weighed 195 pounds and is the largest brought here this fall. Mr. Le-Pain secured another nice buck, his weight being about 125 pounds. Both the young men are flattered over their trip and think the few days spent in the woods was amply repaid by the fine specimens they brought home.

INDOOR BASEBALL HERE.

The first indoor baseball game here this fall will take place tomorrow evening in the Lake Linden opera house dance hall, when the Lake Linden Eagles and their brother Eagles from Hubbell will meet in their first contest. Both these teams are members of the Torch Lake Indoor Baseball league, and both have strong line-ups which can be depended upon to play the game from start to finish. Just what Eagles will comprise the line-ups of the teams has not been given out. The public is invited.

TORCH LAKE BREVITIES.

John R. Macdonald, deputy revenue inspector, went to the South Range towns on business this morning.

The members of C. O. F. indoor baseball team of Hubbell will hold a card party in the convent hall next Saturday evening.

Thomas Torville, who has been ill for several weeks with typhoid fever, is out and around again.

A large number of Hubbell people heard the Rev. Mandus Barrett at the Congregational church yesterday afternoon. Rev. Barrett is pastor of the Red Jacket church.

The drama and musical concert at the theater last evening, under the auspices of the graduates and students of St. Ann's academy, was a good drawing card, and the theater was well filled. It was for the benefit of the church and that institution will net a good sum from the entertainment.

AMONG FRIENDS.

"I am about to place myself in the hands of my friends," said the candi-

diate for office.

Prior to making this statement, however, he had taken the precaution to have his wife sew up all his pockets, so all was well.

JEFFRIES INDISCREET.

White Champion Wins His Fights By the Longer Route.

Jeffries is indulging in some indiscreet talk these days, or else he is being cruelly quoted.

"Eight rounds at the outside," growled Jeff, when a bystander asked him how long he expects to be on the job of knocking Johnson out.

If Jeffries is correctly quoted, then he has made a rash assertion. The only time that Jeffries ever put a man away with any rapidity was when he knocked out Jack Monroe, that prince of Queensberry jobsters, in two rounds. Jeff never stopped a man of class in less than eight rounds, and but for the fact that Fitz's hands were smashed Fitz would have been on his feet much longer. Joe Choynski and Gus Rubin stayed 20 rounds each, little Tom Sharkey lasted 25 and Jim Corbett stayed 23 in the first fight

and 11 in the second.

Yet Johnson, the strongest, biggest, cleverest and craftiest heavyweight that Jeffries ever faced, is to be stopped in eight rounds.

Such talk from Jeffries does not convince the thinkers who are interested in boxing.

BAT AGAINST "CYCLONE"

Battling Nelson, lightweight champion of the world, will probably fight Johnny Thompson in San Francisco in July, with the title and purse money the stakes. Thompson has accepted an offer made by promoter James Coffroth, and Nelson has given his promise that he will fight Syracuse Cyclone in July. The Syracuse fighter has been matched to fight Dick Hyland before a Kansas City club on December 5.

Wise Singer.
"Give me your lips," sings an ardent poet, which probably will please the object of his admiration much more than if he had said: "Don't give me any of your lip."
